Annual Report.

IN the Fourth Annual Report of "The Pennsylvania Industrial Home for Blind Women," the Managers desire to give a brief account of the Home and its interests during the past year. With rejoicing and thanksgiving, they contrast its condition at the present time with that of any other period in its existence.

The Home had long been laboring under the disadvantage of a cramped and inconvenient Workroom. In a previous Report, a hope was expressed that a larger and better ventilated apartment for that purpose would soon be ours. What we then scarcely ventured to hope for is now realized. Through the great liberality of David Milne, Esq., a donation of \$2500 was added to the Workroom fund. By this timely assistance the Managers were enabled to at once proceed with the erection of a building much more complete and convenient than they could otherwise have provided. The addition is in the rear of the main house, forming a part of it, is built of brick, and is three stories high. It contains a Workroom, Infirmary, Laundry, and three bath-rooms. Not only has the comfort of the family been promoted by this improvement, but the capacity of the Home has been enlarged. Applicants that would have been refused for lack of room, have since been admitted.

To furnish the Workroom was expensive. Only that which was absolutely necessary was purchased, leaving an opportunity for our friends and patrons to supply the many little extras that will render its appearance more pleasing. Several donations have been received for the furnishing of the Infirmary, but many comforts are still necessary in a room where the sick and the suffering must be waited on.

The Industrial Department is the distinctive feature of the Home; the public therefore should be kept well informed of its progress, its interests, and its necessities.

Some one has said, "If I wanted to inflict the greatest punishment on a fellow-creature, I would shut him alone in a *dark room without employment*;" and so essential is employment to human happiness, that it has been called "Nature's physician." How necessary is it, then, for the health and the happiness of those who *ever* live in the dark, that *this* part of the Institution should be well sustained. You are asked then not only to contribute to this Department, but also to keep it supplied with work. With pride and gratification attention is called to the character of the work accomplished. Through the faithful instructions of Mr. More, the basketmakers have become so skillful in their branch of trade, that the baskets made by them compete with any others in the market, both as regards appearance and durability. In the art of cane-seating, the inmates cannot be excelled. In the other branches of industry, as knitting, crocheting, and sewing, they deserve great commendation. It is a cause for special thanksgiving that, in the prevalence of the "dread epidemic," the health of the family has been so signally preserved.

Death, however, has again made an inroad on our Board of Council, removing therefrom James H. Orne, one of its ablest and most energetic members. To his energy and prompt assistance much of our prosperity may be attributed. The Managers mourn one of their early and stanch friends. By this imperfect tribute to the memory of one whose works of benevolence and usefulness were so numerous and so noble, our readers may know that the Institution has sustained a great loss in his death.

The Board of Managers realize that much of the present health of the family and the comfort that everywhere pervades the Home, is due to the careful, assiduous oversight of the friend who so ably fills the office of Superintendent. Most sincerely do they present to her their thanks for this labor of love.

To spend a few hours each week in the service of a charitable institution may well be considered a mark of interest, but how deep the devotion which induced another dear friend to become one of the household, that she might at all times minister to the welfare and the enjoyments of these poor, sightless ones. Thanks are but a small evidence of appreciation of this generous self-sacrifice.

The thoughtful and the generous who have heretofore provided intellectual enjoyment and instruction have not forgotten us, as several evening entertainments of music and reading will testify. The faithful teacher of the Bible-class never fails in her appointment. Much pleasure also has been imparted by a corps of interesting readers. Through the energy of one of the Managers, a sale of useful and fancy articles resulted in a handsome addition to the treasury. A large quantity of the work of the inmates formed an attractive feature of the Fair.

Christmas and Thanksgiving were crowned with gifts for all, and were days of rejoicing and plenty. It is seldom one witnesses such constant remembrance of a public charity as is manifested by our generous friend, Mrs. Martha Braman, of the Farmer's Market. In the Donation record will be found the names of many who, at regular intervals, furnish valuable additions to the cellar and store-room.

It is during the summer months that providing for the table and the many wants of the family, press most heavily upon the Superintendent. At that time a large number of our friends are absent from the city, and the bountiful supplies that at other seasons find their way into our store-room then cease. Upon the treasury there are then large drafts, and without increased funds, embarrassment will be felt in defraying the current expenses.

The Managers tender their warm and hearty thanks to all who by their liberal donations have aided in sustaining this Institution, and still solicit a continuance of their favor and approbation. Clothing, provisions, coal, &c., will be gladly received at the Home, of which acknowledgment will be made in the next Report.

How great the comfort of a friend to whom one can apply for advice and counsel, feeling sure it will be theirs when they need it. Such the Managers have ever found in Wm. Chapin, Esq., the Principal of the State Institution for the Blind. Sincere and cordial thanks are due Drs. Hornor and Dixon, for their kind attention when sickness demanded their presence.

The *Statistics* vary but little from those of the last Report: In the past year there have been 20 inmates.

| NATIVITY. | | | CHURCHES. | |
|--------------------------|---|---------------|-----------|---|
| Natives of Pennsylvania, | 8 | Episcopalian, | | 2 |
| “ Ireland, | 3 | Presbyterian, | | 3 |
| “ Germany, | 4 | Baptist, | | 3 |
| “ Maryland, | 1 | Methodist, | | 3 |
| “ Vermont, | 1 | Catholic, | | 5 |
| “ Scotland, | 1 | Lutheran, | | 3 |
| “ England, | 1 | | | |

Ages vary from 17 to 85. We have one inmate aged 85; there are four between 50 and 60; three between 40 and 50; five between 30 and 40; four between 20 and 30; one aged 19; one of 17 years.

Seven are graduates of the Institution for the Blind at Race and 20th Streets; 1 was a pupil a few months only; 7 have no remembrance of the light; 3 had sight during childhood; 6 had sight till womanhood; 5 sew quite well; all can prepare carpet-rags and take the principal care of their rooms; 6 understand fancy knitting; 2 can crocheted; 5 have learned basket-making; 5 work successfully at cane-seating; 7 knit cotton and woolen hose; 3 assist occasionally in the laundry, and in cleaning.

A nominal board of \$2 per week is charged. In some cases churches or friends pay this amount; the work of others is applied for board.

We would again call attention to the fact, that the Home is *not endowed*. A generous legacy of \$5000, from Miss Harriet Holland, and \$500 from Mrs. Sarah A. Hamm, have recently been received, and, with several donations, form a

nucleus for a Permanent Fund. May this soon be increased.

The building, 3921 Locust Street, was comparatively old when purchased by the Board, therefore, certain repairs are imperative, and unless soon made the house will suffer. To do this, and to put other parts of the dwelling in a desirable condition, will involve a large expenditure, which can only be met by liberal contributions.

Among the many charitable institutions with which our city abounds surely none more justly claim the confidence, the sympathy, and the generous support of the benevolent, than the one for which we plead. May its appeal not fall unheeded on the ear. "Remember the words of the Lord Jesus, how he said, It is more blessed to give than to receive."

In concluding this Report, the Managers would renew their devout thanksgiving to Him who has in so remarkable a degree blessed their labors during the year; a year which "He has condescended to crown with His goodness."
